

Tepeyac OB/GYN
Something More Than Medicine™

Positive TB Test (Quantiferon Gold)

You have had a positive test for Tuberculosis during your pregnancy. Even though your chest x-ray was negative, you still need to be evaluated by a physician to see if you will need any further treatment. You should make an appointment with the Health Department after your 6-week postpartum visit or with an Infectious Disease doctor of your choice.

Health Department and Free Clinic phone numbers and addresses:

Fairfax County Health Department

www.fairfaxcounty.gov/hd

For faster service, please call to make an appointment, Walk-in and evening hours available. Please call during hours of operation. Fees and eligibility for services vary by program.
