

MD for Life

DR. JOSEPH DAVIS

Meet Dr. Davis, a dual board-certified physician in Obstetrics & Gynecology and Reproductive Endocrinology. He is an expert in both medical and surgical treatments of infertility and Cooperative Hormonal and Reproductive Medicine (CHARM). As a Doctor of Osteopathic Medicine, Dr. Davis seeks to identify the root causes of hormonal and reproductive concerns to restore health.

Dr. Davis also serves as the Fertility Integrative and Restorative Medical (FIRM) Fellowship Director for FACTS About Fertility.

*Dr. Davis is delighted to join Dr. Marguerite Duane and colleagues as an **MD for Life** physician. As Tepeyac prepares to host a FACTS Fellow in the future, he will be available to see patients at the Tepeyac OB-Gyn offices in Fairfax, VA.*
